OFFICE OF TREASURER OF STATE. }  
DES MOINES, July 1, 1895. }

*To His Excellency, FRANK D. JACKSON, Governor of Iowa:*

In conformity with the requirement of law, I have the honor to submit herewith the following report of the transactions of this office for the biennial period ending June 30, 1895. In submitting this report it seems proper to call your attention, and that of the General Assembly, to the serious embarrassment which this office has experienced in the payment of warrants drawn by the Auditor quarterly. The funds of the state reach their lowest point during the first half of January, April, July and October. After these dates very little revenue is received, except from about April 15th to May 1st and October 15th to November 1st. This condition of affairs has occurred for several years past, as evidenced by my predecessor, Gen. B. A. Beeson, in his last biennial report. The law does not specify any date for the quarterly drawing to begin. The custom has been to get in these warrants as early in January, April, July and October as possible. If the time could by statutory provision be extended to the 15th of February, May, August and November, the Treasurer would have little difficulty in paying warrants when presented. Under existing conditions we are compelled to ask the institutions to hold their warrants fifteen to thirty days.

It seems to me that an extension in the time of drawing quarterly payments, as recommended above, would obviate these difficulties without any change in the law respecting the collection of taxes being required.

Very respectfully,

JOHN HERRIOTT,  
*Treasurer of State.*
